

August 2016

Welcome to the eighth quarterly edition of the McLaughlin & Harvey Newsletter. As a major building and civil engineering contractor operating throughout Great Britain and Ireland, we wish to inform you of our current business activities. We believe our business is all about relationships. We want to continue building our relationship with you by keeping you informed of what we are up to. We also welcome your feedback and comments.

Please keep in contact with us through [LinkedIn](#) and [Twitter](#), and view us on [YouTube](#).

Resource Efficient Scotland certificate achieved!

McLaughlin & Harvey is delighted to announce that our Scottish office has achieved our Resource Efficient Scotland Pledge 6 months ahead of schedule in order to achieve Silver certification.

The Pledge is a nationwide scheme backed by the Government to help Scottish Businesses use energy, water and raw materials more efficiently. The Pledge has 4 levels and ranges from Bronze, Silver, Gold and Platinum.

By using existing good practice, McLaughlin & Harvey achieved Bronze in December 2015, and we have now been accepted for Silver level. We are determined to go on to pledge for the Gold level certification in due course.
