

Group Information Security Policy

June 2019

McLaughlin & Harvey will seek to ensure that the confidentiality, integrity and availability of its information is maintained by implementing best practice to minimise risk.

It is the policy of McLaughlin & Harvey to ensure that:

- Information will be protected against unauthorised access;
- Confidentiality of information will be assured;
- Integrity of information will be maintained;
- Regulatory and legislative requirements will be met;
- Information security training will be provided;
- All breaches of information security, actual or suspected, will be reported and investigated;
- Standards will be produced to support the policy;
- The resources are made available to maintain the policy and provided advice and guidance on its implementation;
- All managers are directly responsible for implementing the policy within their business areas, and for adherence by their staff; and
- It is the responsibility of each employee to adhere to the Information Security Policy.

We will bring this policy to the attention of our Employees, all businesses within the Group, our Supply Chain partners and other interested parties, as collectively their support and professionalism is essential in making it truly effective.
