

Welcome to the eighteenth quarterly edition of the McLaughlin & Harvey newsletter. As a major building and civil engineering contractor operating throughout Great Britain and Ireland, we wish to inform you of our current business activities. We believe our business is all about relationships. We want to continue building our relationship with you by keeping you informed of what we are up to. We also welcome your feedback and comments.

Please keep in contact with us through [LinkedIn](#) and [Twitter](#), and view us on [YouTube](#).

Twenty more Birmingham groups benefit from You Matter Communities initiative

We have finalised 15 community projects that will each receive a grant of up to £1,000 to support their work within local communities.

Launched last year, the You Matter Communities initiative provides support to local communities through volunteer time, small grants, and the use of excess materials from the construction process.

The initiative is focused on supporting community organisations, in particular those facing disproportionate challenges, to recover from the impact of COVID-19. Small grants are offered through the You Matter Community Fund and provide a direct way for McLaughlin & Harvey to make a positive impact locally and provide much needed support to communities.
