

Welcome to the nineteenth quarterly edition of the McLaughlin & Harvey newsletter. As a major building and civil engineering contractor operating throughout Great Britain and Ireland, we wish to inform you of our current business activities. We believe our business is all about relationships. We want to continue building our relationship with you by keeping you informed of what we are up to. We also welcome your feedback and comments.

Please keep in contact with us through [LinkedIn](#) and [Twitter](#), and view us on [YouTube](#).

Demonstrating high health and safety standards

We are celebrating after landing an internationally recognised award for demonstrating high health and safety standards.

We have received a RoSPA President's Award Health and Safety Award for working hard to ensure our employees and supply chain get home safely to their families at the end of every working day.

David Magee, McLaughlin & Harvey Group H&S Manager, said, "This Award is our 11th consecutive Gold Award and it is particularly pleasing to receive this for health and safety performance during a very difficult year for everyone. It is recognition of the commitment that our site teams have demonstrated in sustaining high standards of health and safety in all operations, whilst managing COVID-19 at the same time."
